### A. Background

SEBI has amended Regulation 47 and the Eighth Schedule relating to valuation of investments on February 21, 2012 to introduce overriding principles in the form of "Principles of Fair Valuation".

Prior to this amendment, Eighth schedule and various circulars issued from time-to-time provided detailed guidelines on valuation of traded securities, non-traded securities, thinly traded securities, etc.

The amended regulations require that mutual funds shall value their investments in accordance with principles of fair valuation so as to ensure fair treatment to all investors i.e. existing investors as well as investors seeking to subscribe or redeem units.

It further prescribes that the valuation shall be reflective of the realizable value of securities and shall be done in good faith and in a true and fair manner through appropriate valuation policies and procedures approved by the Board of the asset management company (AMCo)

The amendment also states that in case of any conflict between the principles of fair valuation and valuation guidelines as per Eighth Schedule and circulars issued by SEBI, the Principles of Fair Valuation shall prevail.

If not traded on the primary stock exchange, the closing price on the other stock exchange will be considered. NSE will be the primary stock exchange.
	Non Traded	<p>1. When a security is not traded on any stock exchange, on the date of valuation, then the previous closing price on NSE / any other SE will be used, provided such closing price is not exceeding a period of 30 calendar days.</p> <p>2. In all other cases</p> <p><b>a. Equity Shares:</b> Based on the latest available Balance Sheet, net worth shall be calculated as follows :</p> <ul style="list-style-type: none"> <li>i) Net Worth per share = [share capital+ reserves (excluding revaluation reserves) – Misc. expenditure and Debit Balance in P&amp;L A/c] Divided by No. of Paid up Shares.</li> <li>ii) Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the Industry average P/E shall be taken as capitalisation rate (P/E ratio). Earnings per share of the latest audited annual accounts will be considered for this purpose.</li> <li>iii) The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 10% for ill-liquidity so as to arrive at the fair value per share.</li> <li>iv) In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning.</li> <li>v) In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero.</li> <li>vi) In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security.</li> </ul> <p>To determine if a security accounts for more than 5% of the total assets of the scheme, it should be valued by the procedure above and the proportion which it bears to the total net assets of the scheme to which it belongs would be compared on the date of valuation</p> <p><b>b. Preference Shares: Intrinsic value will be considered</b></p> <p><b>c. Equity Warrants / Rights entitlement / partly paid up rights shares:</b> Valuation price will be arrived, after applying appropriate discount (valuation committee delegated the power to decide the discount factor), after reducing the exercise price / issuance price from the closing price of the underlying cash equity security.</p> <p><b>d. OR In case of a demerger pending listing, the resultant company/ies shall be valued at the intrinsic value arrived at on the date of corporate action</p> <p><b>e. Merger:</b> Valuation of merged entity would be arrived at by summation of previous day's value of the respective companies prior to merger divided by the entitled quantity of the merged entity in cases where the identity of the entities getting merged in lost until the new entity is listed. Ex: If Company A and Company B merge to form a new Company C then Company C would be valued at the price equals to A+B In case of a merger where the identity of one entity continues, valuation of merged entity would be at the closing price of the surviving entity. Ex: If Company A merges into Company B then merged entity would be valued at the price of Company B being the surviving Company.</p>

	Thinly Traded	<p>Policy similar to non-traded Equity Shares.</p> <p>Definition of thinly traded equity/ equity related security: When trading in an equity/equity related security in a calendar month is both less than INR 5 lacs and the total volume is less than 50,000 shares, it shall be considered as a thinly traded security</p>
	Unlisted Equity Shares	<p>Unlisted equity shares of a company shall be valued "in good faith" on the basis of the valuation principles laid down below:</p> <p>a. Based on the latest available audited balance sheet, net worth shall be calculated as lower of (i) and (ii) below:</p> <p>i. Net worth per share = [share capital plus free reserves (excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by Number of Paid up Shares.</p> <p>ii. After taking into account the outstanding warrants and options, Net worth per share shall again be calculated and shall be = [share capital plus consideration on exercise of Option/Warrants received/receivable by the Company plus free reserves(excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by {Number of Paid up Shares plus Number of Shares that would be obtained on conversion/ exercise of Outstanding Warrants and Options}</p> <p>The lower of (i) and (ii) above shall be used for calculation of net worth per share and for further calculation in (c) below.</p> <p>b. Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any, noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the Industry average P/E shall be taken as capitalisation rate (P/E ratio). Earnings per share of the latest audited annual accounts will be considered for this purpose.</p> <p>c. The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 15% for illiquidity so as to arrive at the fair value per share.</p> <p>The above methodology for valuation shall be subject to the following conditions:</p> <p>i. All calculations as aforesaid shall be based on audited accounts.</p> <p>ii. In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero.</p> <p>iii. If the net worth of the company is negative, the share would be marked down to zero.</p> <p>iv. In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning.</p> <p>v. In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security. To determine if a security accounts for more than 5% of the total assets of the scheme, it should be valued in accordance with the procedure as mentioned above on the date of valuation.</p> <p>At the discretion of the AMC and with the approval of the trustees, an unlisted equity share may be valued at a price lower than the value derived using the aforesaid methodology.</p>
Futures & Options	Traded	On the valuation day, at the closing price provided by the respective stock exchanges.

The convertible component (Equity) should be valued on the same basis as would be applicable to an equity instrument/equity derivative. If, after conversion the resultant equity instrument would be traded pari passu with an existing equity instrument which is traded, the value of the latter instrument can be arrived at after an appropriate discount for non-tradability, time value, volatility etc. of the equity instrument during the period preceding the conversion. While valuing such instruments, the fact whether the conversion is optional should also be factored in

#### TAX IMPLICATIONS TO UNIT HOLDERS

##### 1. Income-tax Act, 1961 ('the Act')

###### (i) Income from units

As per section 10(35) of the Act, income received in respect of the units of a Mutual Fund specified under section 10(23D) of the Act, is exempt in the hands of the unit holders. Further provisions of section 115BBDA imposing tax @10% on dividend received in excess of Rs. 10 lakhs will not apply in case of income received from Mutual fund

###### (ii) Capital gains

###### (a) Long-term capital gains

Under section 2(29A) read with section 2(42A) of the Act, units of the equity Oriented Scheme held as a capital asset are treated as a long term capital asset if they are held for a period of more than twelve months immediately preceding the date of their transfer. Units of non-equity oriented Scheme held as a capital asset are treated as a long term capital asset if they are held for a period of more than thirty six months immediately preceding the date of its transfer.

From the full value of consideration, the following amounts should be deducted to arrive at the amount of long-term capital gains:

- Cost of acquisition as adjusted by the cost inflation index notified by the Central Government in the Official Gazette; and
- Expenditure incurred wholly and exclusively in connection with such transfer.

The additional units issued under the 'Reinvest Dividend' Option available in the Scheme and held as capital asset would get the benefit of long-term capital gains tax if sold after being held for more than twelve months in case of equity oriented scheme and more than thirty six months in case of non-equity oriented scheme. For this purpose, twelve months and thirty six months respectively will be computed from the date when such additional units are allotted.

Under section 112 of the Act, capital gains arising to a resident from transfer of a long term capital asset being units of Mutual fund (other than units of equity oriented Scheme) will be taxable at the rate of 20% with indexation. In case of non-resident (not being a company) or a foreign company such capital gains arising from transfer of a capital asset, being unlisted securities, will be taxable at the rate of 10 percent without indexation (plus applicable surcharge and education cess) and in case of listed securities will be taxable at the rate 20 percent with indexation (plus applicable surcharge and education cess). No indexation benefit is however, available in computing long term capital gain arising from the transfer of a long term capital asset being bond or debenture other than capital indexed bonds issued by the Government.

As per the provisions of section 115AD of the Act, long-term capital gains arising to Foreign Institutional Investors ('FIIs') /Foreign Portfolio Investors (FPI), on sale of units would be taxed at 10 percent, without indexing the cost of acquisition.

Further, where in case of an individual or an HUF, being a resident, the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax, then such long-term capital gains shall be reduced to the extent of such shortfall and only the balance of the long-term capital gains will be subject to the flat rate of taxation for long-term capital gains.

As per section 10(38) of the Act, long term capital gains arising on the transfer of units of equity-oriented funds (refer note) on which the Securities Transaction Tax (STT) has been paid [refer sub-para (iv) below] are exempt from income tax. [However, in case of corporate unit holder such income will be considered in computing Minimum Alternate Tax (MAT) under section 115JB of the Act].

The provisions of section 10(38) of the Act provide that any income arising from transfer of a long term capital asset, being an equity share in a company or a unit of an equity oriented scheme would also be exempt from income-tax where, transaction is undertaken on a recognised stock exchange located in any international Financial Services Centre and where consideration for such transaction is paid or payable in foreign currency.

(Note: Equity-oriented fund means a fund, (i) where the investible funds are invested by way of equity shares in domestic companies to the extent of more than sixty five percent of the total proceeds of such fund; and (ii) which has been set up under a scheme of a Mutual Fund specified under clause (23D) of section 10 of the Act. Provided that the percentage of equity shareholding of the fund shall be computed with reference to annual average of the monthly averages of the opening and closing figures).

The above rates are subject to applicable Double Taxation Avoidance Agreement ('DTAA') benefits.

**(b) Short-term capital gains:**

Units of the non-equity oriented Scheme held as a capital asset for not more than thirty six months immediately preceding the date of their transfer are short term capital assets. Capital gains arising from the transfer of short-term capital assets will be subject to tax at the rates applicable to residents / NRIs /PIOs /FIIs/FPIs. The following rates are applicable to resident individuals and HUFs/NRIs/PIOs:

Slab	Tax rate (plus education cess) *

Exceeding Rs 10,00,000	30 percent of excess over
Rs 10,00,000 plus Rs 1,12,500/-	

\*For resident senior citizens, higher exemption will be applicable. FII/FPIs are chargeable to tax on short-term capital gains at the rate of 30 percent. Domestic companies are chargeable to tax on short-term capital gains at the rate of 30 percent.

As per section 111A of the Act, short term capital gains arising on the redemption of units of equity-oriented mutual funds [on which STT has been paid – refer sub-para (d) below] are taxable at rate of 15 percent (plus applicable surcharge & education cess).

The Finance Act, 2016 has amended provisions of section 111A of the Act to provide that any income arising from the transfer of a short-term capital asset, being an equity share in a company or a unit of an equity oriented scheme would also be taxable at the rate of 15 percent (plus applicable surcharge & education cess) where, transaction is undertaken on a recognised stock exchange located in any international Financial Services Centre and where consideration for such transaction is paid or payable in foreign currency.

However, in the case of an individual or a Hindu undivided family, being a resident, where the total income as reduced by such short term capital gains is below the maximum amount which is not chargeable to income tax, then, such short term capital gain shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable

to income tax and the tax on the balance of such short term capital gains shall be computed at the rate of fifteen percent (plus applicable surcharge & education cess).

The above rates are subject to applicable Double Taxation Avoidance Agreement (“DTAA”) benefits.

## 9. Compliance under Foreign Account Tax Compliance Act /Common Reporting Standard requirements:

**Foreign Account Tax Compliance Act:** Foreign Account Tax Compliance Act ("FATCA") is a United States (US) law aimed at prevention of tax evasion by US citizens and residents ("US Persons") through use of offshore accounts.

FATCA obligates foreign financial institution (FFIs), including Indian financial institutions to provide the US Internal Revenue Service (IRS) with information on the accounts of to report accounts held by specified US Persons. FATCA requires enhanced due diligence processes by the FFI so as to identify US reportable accounts. With respect to individuals, the US reportable accounts would cover those with US citizenship or US residency. The identification of US person will be based on one or more of following "US indicia"

- Identification of the Account Holder as a US citizen or resident; Unambiguous indication of a US place of birth;
- Current US mailing or residence address (including a US post office box);
- Current US telephone number;
- Standing instructions to transfer funds to an account maintained in USA;
- Current effective power of attorney or signing authority granted to a person with a US address; or
- An "in-care of or "hold mail" address that is the sole address that the Indian Financial Institution has on the file for the Account Holder.

Since domestic laws of sovereign countries, (including India) may not permit sharing of confidential client information by FFIs directly with US IRS, the U.S. has entered into Inter-Governmental Agreement (IGA) with various countries. The IGA between India and USA was signed on 9th July, 2015, which provides that the Indian FIs will provide the necessary information to Indian tax authorities, which will then be transmitted to USA automatically.

**Common Reporting Standard - The New Global Standard for Automatic Exchange of Information:** On similar lines as FATCA, the Organization of Economic Development (OECD), along with the G20 countries, of which India is a member, has released a "Standard for Automatic Exchange of Financial Account Information in Tax Matters", in order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, requiring cooperation amongst tax authorities. The G20 and OECD countries have together developed a Common Reporting Standard (CRS) on Automatic Exchange of Information (AEOI). The CRS on AEOI was presented to G20 Leaders in Brisbane on 16th November, 2014. On June 3, 2015, India has joined the Multilateral Competent Authority Agreement (MCAA) on AEOI.

The CRS on AEOI requires the financial institutions of the "source" jurisdiction to collect and report information to their tax authorities about account holders "resident" in other countries, such information having to be transmitted "automatically" annually. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the "resident" countries.

Accordingly with effect from November 1, 2015 all investors will have to mandatorily provide the details and declaration pertaining to FATCA/CRS for all new accounts opened, failing which the AMC shall reject the application.

Investors are requested to note that under the alternative procedure provided in Rule 114H(8) of the Income-tax Rules, 1962, the financial institutions were needed to obtain self-certification and carry out due diligence in respect of all individual and entity accounts opened from 1st July 2014 to 31st August 2015. Such self-certification and documentation was required to be obtained by the financial institutions by 31st August 2016, otherwise they were required to close the accounts and report the same if found to be a "reportable account" as per the prescribed due diligence procedure for pre-existing account. In view of the difficulties highlighted by stakeholders in following the provision for "closure" of financial accounts, it was informed vide Press Release dated 31st August 2016 issued by Ministry of Finance, Government of India that the revised time line shall be notified in due course.

Further, investors are requested to note that Ministry of Finance, Government of India has vide its Press release dated April 11, 2017 informed the revised timelines for self-certification which is April 30, 2017. Investors who have not completed their self-certification are advised to complete their self-certification, on or before April 30, 2017 failing which DSP BlackRock Investment Managers Pvt. Ltd ('AMC') shall block / freeze the unremediated folio(s) unless self-certification is provided by the Investor and due diligence is completed by the AMC.

In case investors have joint account, the folio would be treated as unremediated even if one of the joint account holders has not provided the FATCA self-certification, irrespective of whether such account holder is first, second or third holder.

The details provided by the investor will get updated in their folio within three to four working days, from the date of receipt of such details. The AMC will not be liable for rejection of any transaction or request in the folio(s) where self certification is not provided or the details are in the process of being updated.

The appended paragraph summarises the permitted and prohibited transactions for the aforesaid unremediated folios effective May 1, 2017.
